

# Product introduction

Series **GREEN STAGE**

## ZERO STAGE Engine Oil 0W-40 API SN/CF

- It is a high performance engine oil which is skillfully blend high performance additive into high performance special synthetic oils 100% and It realized economy and high fuel consumption efficiency focusing on environmental measures.
- It is low viscosity highly functional engine oil that clears the strict specifications of the highest grade SN established by API.
- It is an engine oil for fuel-efficient cars that demonstrates performance under all conditions, rity realizing outstanding low-temperature startbility and fuel-saving driving.

### Typical Properties

Kinematic viscosity	mm <sup>2</sup> /s (cst) Kinematic @ 40° C	78.80
Kinematic viscosity	mm <sup>2</sup> /s (cst) Kinematic @100° C	13.10
Flash point	(COC) ° C	234
Viscosity index		168
Pour point	° C	-60.0
Base number	mg KOH/g	9.17

### Features

■ High performance engine oil

0W40 is an advanced high-performance engine oil that keeps the inside of the engine clean, protects from engine friction and demonstrates excellent performance under various conditions.

■ Excellent engine protection performance

With a wide viscosity characteristic of 0W40, it provides excellent engine protection performance and comfortable driving under various condition. In addition to excellent engine startability in cold districts, it also suppresses the generation of sluge and deposits even at high temperature operation and keeps the inside of the engine clean.

■ Compatible with a wide range of cars

It can be used for various types of cars including high performance sports cars.

#### Packing

4 L can / 200 L drum

**ZERO STAGE**

1-3-38 Aramotonishi, Higashiosaka-city Osaka, Japan
